License No. 26NO06482000	:	CONSENT ORDER
	:	REINSTATING LICENSE
TO PRACTICE NURSING IN THE	:	
STATE OF NEW JERSEY	:	

This matter was opened to the New Jersey State Board of Nursing (hereinafter the "Board") upon receipt of Donna Janz's ("Respondent's") application to reinstate her license as a Registered Professional Nurse dated May 16, 2013. Respondent's license was suspended pursuant to an Order of Suspension filed on December 3, 2010 and she was ordered to enroll in and participate with the Recovery and Monitoring Program of the Institute for Nursing ("RAMP"). The 2010 Order of Suspension was a result of Respondent's noncompliance with her RAMP contract pursuant to a Private Letter Agreement with the Board, which she

signed on or about May 26, 2010. Respondent was originally referred to RAMP by her employer, Newport Rehabilitation and Nursing, for suspected diversion of opiates, as they were missing Tramadol from the medication cart.

Respondent enrolled in RAMP in January 2013 and RAMP has indicated that Respondent has demonstrated compliance with all requirements of the program, including check-ins, random drug screenings, weekly attendance at peer group meetings, and monthly reporting. Respondent submitted to an evaluation with Dr. Phyllis Prekopa on March 10, 2013 and Dr. Prekopa concluded, "there is no indication of active substance abuse or diversion." RAMP supports the reinstatement of Respondent's license to practice in New Jersey at this time.

The Board finding that the within Order is sufficiently protective of the public health, safety and welfare, in lieu of further proceedings, and for other good cause shown;

ACCORDINGLY, IT IS on this 23rd day of Oct.,
2013, HEREBY ORDERED AND AGREED that:

1. Respondent's application to reinstate her license to practice as a Registered Professional Nurse in the State of New Jersey is granted.

2. Respondent shall remain enrolled in and comply with all of the terms and conditions of participation in the RAMP

program. Respondent shall cause RAMP to inform the Board in writing if Respondent is non-compliment with, or is terminated from or resigns from further participation in the program together with the reason for and complete documentation of the non-compliance, termination and/or resignation. Notification of the Board shall be within 24 hours of determination of non-compliance, termination or resignation, or as soon thereafter as is practicable. Respondent shall provide RAMP with a complete copy of the within order.

3. Respondent shall follow the recommendations by RAMP and/or the evaluator for further treatment and/or lengthier enrollment in RAMP. Respondent shall limit her nursing practice, if recommended by RAMP, which may include Respondent placing her license in inactive status.

4. Respondent shall provide a release to RAMP allowing RAMP to provide pertinent reports, records and other information pertaining to Respondent to the Board. Respondent's signature on this order signifies Respondent's waiver of any right to confidentiality with respect to these matters between Respondent, RAMP, and the Board, and Respondent's agreement that the Board may utilize any such reports, records and other information it receives from RAMP in any proceeding regarding

Respondent's licensure and that the Board may release any pertinent information in its possession to RAMP.

5. Respondent shall refrain from the use of any and all potentially addictive substances except as prescribed by an authorized health care practitioner who is made aware of Respondent's substance abuse history, if there is such a history. Respondent shall report any such use to RAMP in writing within five days of receiving such a prescription together with the name of the prescribing health care practitioner, the name of the drug, the quantity, frequency, expected length of use and reason for its use.

6. Respondent shall attend regular 12 step support group meetings or the equivalent, and nurse peer support group meetings, as required by RAMP. Respondent shall attend individual counseling and psychiatric treatment until successful discharge, if required by RAMP.

7. Respondent shall submit to random observed urine testing if and as required by RAMP. Respondent's failure to submit to or provide a urine sample when requested shall be deemed to be a violation of the terms of this Order. All random alcohol and drug screens shall be negative for the presence of alcohol or drugs, unless the drugs detected by screening were properly taken pursuant to a valid prescription from a health

care practitioner aware of Respondent's substance abuse history, if applicable.

8. Respondent shall be responsible for all costs of urine screens, enrollment/participation fees associated with RAMP, and/or further treatment and monitoring, if applicable.

9. Respondent shall obey all of the laws of the State of New Jersey, the United States and their political subdivisions as well as all regulations, rules or laws pertaining to the practice of nursing in the State or jurisdiction in which she practices nursing. Respondent shall report to the Board within ten (10) days any arrest, indictment or conviction for any crime or disorderly persons offense.

10. Respondent shall remain in RAMP until successful completion of or release from the program. Until Respondent has successfully completed RAMP or been released from the program, Respondent may not modify the conditions of this agreement without submitting a written petition to the Board providing a detailed explanation of the basis for the modification request, and then entering into a new, modified agreement with the Board.

11. Any deviation from the terms of this Order without the prior written consent of the Board shall constitute a failure to comply with the terms of this Order. Upon receipt of any reliable information indicating that Respondent has violated any

term of this Order, Respondent's license may be automatically suspended by the Board. Respondent, upon notice, may request a hearing to contest the entry of such an order. At any such hearing the sole issue shall be whether any of the information received regarding Respondent was materially false. In addition, the Board reserves the right to bring further disciplinary action.
